Practice 1

Tech-Expo
(A Showcase of Innovation, Social Awareness and Environmental Harmony for a Brighter Tomorrow)

Objectives of the Practice:

Tech-Expo is an annual event that showcases innovative projects and practical applications across disciplines, promoting inclusivity and fostering a supportive environment for students from diverse academic backgrounds. It bridges the gap between theoretical knowledge and real-world application.

The Context:

Tech-Expo is an annual event at our institute that promotes multi-disciplinary innovation and skill development among students. It connects classroom theory with practical application, catering to diverse backgrounds and fostering leadership qualities. Successful promotion, technical logistics, and security are crucial for the event's success, requiring strategic planning and resource allocation.

The Practice:

Since 2011, the Tech-Expo has been held annually on January 26th and 27th. It aims to cultivate leadership qualities, accommodate diverse backgrounds, and bridge the gap between theoretical classroom knowledge and practical application. The success of this event hinges on effective promotion, seamless technological logistics, and robust security measures, all of which necessitate meticulous planning and resource allocation. The Tech-Expo serves as a significant platform for students to showcase their projects to wide audience. It features robotics, project presentations, hardware exhibitions and campus tours highlighting technical and professional talents. Visitors have the opportunity to observe students presenting their work and gain insights into leadership, presentation, communication, and decision-making skills. The event encourages interaction between students and representatives from various societal sectors, fostering the development of communication skills. Overall, the Tech-Expo exemplifies how higher education institutions are committed to skill enhancement and community engagement.

Evidence of Success:

The Tech-Expo has experienced consistent growth in student participation drawing over 300 participants annually. It has gained recognition from academic and industry leaders alike, offering opportunities such as internships, job offers, and scholarships.

The Tech-Expo actively promotes STEM (Science, Technology, Engineering, and Mathematics) fields, attracting a broad audience and garnering substantial media attention. Over the years, it has received increased institutional backing, leading to enhanced funding for infrastructure and student project resources. This support underscores its role in fostering innovation and skill development within higher education.

Problems Encountered and Resources Required

Tech-Expo, a program enhancing student skills, faces challenges like communication and technical issues. To succeed, it needs strong community partnerships, continuous evaluation, and adaptability to local stakeholders. Essential resources for the Tech-Expo includes sufficient physical space, technical equipments, reliable internet access, budget allocation, human resources, promotional materials, security measures, workshops, and training sessions. These elements ensure success of the event and gives scope for future improvements.

Notice

Date: 20/09/2022

All the class Incharge of college of Computer Science and IT,Nanded are here by informed that **"Tech-Expo- 2023" (A Project Exhibition)** is organized by our college on 26th of January. You have to collect the project titles and names of those students who are interested to participate in the event up to 20 Nov 2023. Also you need to conduct a class level demo of projects in the interactive sessions of your class and finalize at least 10 projects from it.

Note:- Demo are scheduled as follows

Sr. no.	Demo	Date & Time	Evaluator
1	Demo I	25th Nov 2022	Class teacher
2	Demo II	21th Jan 2023	Panel including HOD of Department of CS & IT
3	Final Demo	25th Jan 2023	Panel including HOD of Department of CS & IT

Event Co-ordinator
Md. Mukhtar
Mr. Bhosale A.T.

Principal
Prof. Shirish L. Kotgire

Mahatma Gandhi Mission's
College of Computer Science and IT, Nanded

Notice

Date: 23/1/2023

All the class Incharge of college of Computer Science and IT are here by informed to finalize at least top 10 projects from your respective class based on the demo conducted on 21st-Jan-2023.

In following path, class-wise excel file is available, save the above details today till 5:30pm.

StaffData:\TechExpo 2023\PreFinal List

Subject :- Request for advance for the Tech-Expo (Robotics Section) projects.

Respected sir,

      For the projects of Robotics Section of Tech-Expo 2020, we had already submitted the budget. I request you to please give us an advance of Rs. 15000/- for the same.

      Hope you will do the needful.

      Thanking You

Yours Faithfully,

Mr. Gill S. G.   Mr. Gaherwar A. M.

high school, Maugrulpir - Washim

Sub:-Invitation for Technical Exhibition Techexpo 2020.

Respected Sir/Madam,

Mahatma Gandhi Mission's College of Computer Science & IT is serving in the field of Computer Science and Biotechnology education from more than 20 years. As a social responsibility to aware the society about technology, we are organizing a technical exhibition Tech-expo from last 12 years which has several bits of different subjects related to computer science, biotechnology and bioinformatics. This would help students to gain knowledge in different aspects of subjects mentioned above and would also enhance their interest in future career. This year Techexpo 2020 is organized on **26th & 27th of January 2020 from 10 am to 5 pm** in our college.

This event contain following areas

1) Visual Expo
2) How IT Works?
3) Robotics
4) Project Expo
5) Python
6) Hard Expo

7) Biremediation
8) Waste Management
9) Fuel Production
10) Antibiotic Abuse
11) Role of Bioinformatics
12) Radiation Hazards
13) Global Warming

We invite you, your faculty members & students of your institution to this event.

Thank you..!

Coordinator
Organizing committee

To,

The Principal,

MGM's CCSIT,

Nanded.

Subject: - Regarding advance Payment for Tech-Expo-2019

Respected Sir,

With respect to above subject, I need advance Payment of Rs.18,000/- for Decoration Section in Tech Expo-2019.

Sanction the amount.

Thanking You.

Miss. Laddha S.V.

04 January 2019

To
The Tech- Expo Coordinator
MGM's College of CS &IT,
Nanded.

Subject: Submission of Participants List.

Respected Sir,

    With reference to above subject, I, acting as coordinator for inauguration ceremony for Tech-Expo 2019, Submitting list of participants who will work as Anchor's in this event.

Participants Name:

1. Nishant Prashant Sharma (SY BT)
2. Sampada Deshpande   (SY BT)
3. Patnoorkar Prabhjyot Kaur Govind Singh (FY BT)
4. Sayyed Sadaf Khayyum   (FY BSC CS)

So I request you to prepare participation certificates for them as anchors.

Yours sincerely
Mr. Bagde Somesh N.

Sub:-Invitation for Technical Exhibition Techexpo 2019.

Respected Sir,

MGM's College of Computer Science & IT is serving in the field of Computer Science and Biotechnology education from more than a decade. As a social responsibility to aware the society about technology, we are organizing a technical exhibition Techexpo from last 9 years. This year Techexpo 2019 is organized on **26th & 27th of January 2019 from 10 am to 5 pm** in our college.

This event contain following areas
1) Hard Expo   2) Poster Expo
3) Project Expo   4) Digital India
5) Robotics   6) Best Out of Waste
7) Visual Expo   8) Microbiological Products in Health
9) Plant Products in Health   10) Animal Products in Health
11) Organic Farming in Health   12) Health Informatics

We invite you, your faculty members & students of your institution to this event.

Thank you..!

Practice 2

College Community Service- River-Bank Cleanup:
(A model promotes civic engagement and environmental stewardship through river-bank cleanup.)

Objectives of the Practice:

The River-Bank Cleanup program aims to raise public awareness about trash, especially plastic waste, through organized river cleanups. It seeks to foster community partnerships, inclusivity, and educational integration, thereby achieving environmental improvement, imparting practical environmental stewardship experience and enhancing the institution's reputation as a leader in community service and environmental responsibility.

The Context:

The institute determined that eco-friendliness is necessary to provide a clean and healthy environment. For this reason, the institute implemented the well-known "River-Bank Cleanup" program every year with the highest possible staff and student involvement rate. In keeping with the Institute's goals, the program has developed into an annual occasion that represents a more widespread commitment to civic duty. The program instills a sense of responsibility and community engagement.

The Practice

The MGM College of Computer Science and IT, located in Nanded along the banks of the Holy River Godavari, relies heavily on the river's water source for the city and surrounding areas. However, due to hazardous activities, the river water has become severely contaminated, posing health risks and rendering it unsuitable for consumption. Recognizing this pressing issue, efforts to control and prevent further environmental degradation have become imperative.

The "River-Bank Cleanup" is an annual community service initiative organized by our institute, serving as a prime example of how higher education institutions can catalyze positive change in their communities. This comprehensive overview delves into the inception, impact, and best practices of our institution's "River-Bank Cleanup" initiative. This activity has generated awareness in the society regarding eco-friendliness.

The program's success stems from robust community partnerships, an inclusive approach, and seamless integration into educational curricula. It fosters diverse participation and generates enthusiasm among students and staff alike. Ongoing evaluation ensures its efficacy, while responsiveness to feedback and evolving requirements maintains its relevance and impact. This initiative underscores the institute's commitment to holistic educational and environmental stewardship. Through these efforts, the Institute aims to inspire a culture of environmental responsibility and community service among its students and the broader community.

Evidence of Success:

The "River-Bank Cleanup" is a prime example of how educational institutions can make significant contributions to their communities. It sets a benchmark for others to follow, placing strong emphasis on community engagement, education, long-term impact, and continuous evaluation. By fostering a more connected, responsible, and ecologically sensitive future, it exemplifies the proactive role that educational institutions can play in societal improvement.

The project enhances riverbank visibility through litter removal, improves aesthetic appeal, strengthens community engagement, provides students with hands-on environmental stewardship experience, and boosts the institute's reputation as a leader in community service and environmental responsibility.

Problems Encountered and Resources Required During Riverbank Cleanup:

Riverbank cleaning encounters challenges such as trash accumulation, logistical issues, chemical contamination, public awareness, illegal dumping, and the potential for pollution recurrence, necessitating a collaborative approach with stakeholders.

Organizing a riverbank cleanup necessitates meticulous planning and diverse resources to ensure safety, effectiveness, and community involvement. This involves coordinating logistics, creating promotional and educational materials, managing documentation and budgets, mobilizing volunteers and staff, securing logistical support, fundraising, and utilizing necessary facilities and educational resources for successful execution.

In summary, both the "River-Bank Cleanup" and the Tech-Expo initiatives exemplify the commitment of higher education institutions to community engagement and skill development. Despite encountering challenges, these practices demonstrate the transformative potential of collaborative efforts in promoting environmental stewardship and fostering technical innovation.

Eco-Club Activity Report

Title: College Community Service Event - "River-Bank Cleanup Day"

Introduction: "River-Bank Cleanup Day" is an enthusiastic initiative organized by MGM's College of Computer Science and IT, Nanded that brings together students, faculty, and staff to participate in a collective effort to clean and beautify the River-Bank area. This event is not only about community service but also about instilling a sense of responsibility towards the environment and fostering a spirit of volunteerism among the college community.

Date and Location: Date: 18/10/2023   Location: River-Bank Area Khadakpura, Nanded

Objectives:

1. To actively engage the college community in environmental service and community outreach.

2. To contribute to the local community by enhancing the beauty and cleanliness of the River-Bank area.

3. To provide students with a hands-on opportunity to learn about environmental stewardship and teamwork.

Activities:

1. Litter Cleanup: Participants will work in teams to collect litter and debris, ensuring a cleaner environment.

2. Landscaping and Beautification: Volunteers will plant flowers, trees, and maintain the green spaces to enhance the overall aesthetics of the area.

3. Trail Maintenance: Teams will repair and maintain walking trails, benches, and other public facilities.

4. Environmental Workshops: Educational sessions on sustainability, conservation, and the significance of community service may be organized for participants.

Schedule:

- 8:30 AM: Registration and Welcome

- 9:00 AM: Briefing and Safety Instructions

- 9:30 AM - 12:30 PM: Cleanup and Maintenance Activities

- 12:30 PM - 1:30 PM: Lunch Break (provided for participants)

- 1:30 PM - 4:30 PM: Additional Cleanup and Landscaping

- 4:30 PM: Closing Remarks and Recognition

Materials and Resources:

- Gloves

- Brooms

- Trash bags

- Landscaping tools

- Safety vests

- First aid station

- Educational materials

Participant Requirements:

- All participants must wear appropriate clothing, closed-toe shoes, and the provided safety vests.

- Minors must have a signed consent form from a guardian.

- Follow safety guidelines and instructions from organizers.

College Benefits:

- Strengthening the college's commitment to community service and social responsibility.

- Fostering a strong sense of community among students, faculty, and staff.

- Providing a practical educational experience in environmental stewardship.

- Enhancing the college's reputation as an engaged and responsible institution.

Community Benefits:

- A cleaner, more beautiful, and safer public space.

- Increased awareness about environmental conservation.

- Improved recreational opportunities for the local community.

- Strengthened bonds between the college and the surrounding community.

Conclusion: "River-Bank Cleanup Day" organized by MGM's College of Computer Science and IT, Nanded, is a commendable event that not only benefits the local community but also strengthens the college's commitment to social responsibility and environmental conservation. By participating in this activity, students, faculty, and staff actively contribute to a cleaner environment while learning valuable lessons in teamwork and environmental stewardship. This initiative aligns with the principles of community engagement and a commitment to the well-being of both the college and the local community.
